

Beaver Creek Bingo

Instructions: To get a “Beaver Creek Bingo,” mark five boxes in a row. You can circle the word in each box after you find the person, place or thing AND do your best to answer the question below that goes with it. The questions are in alphabetical order. See if you can get a “flood” by marking all of the boxes, but remember some of these items are only at Montezuma Castle—you may not find them all at Montezuma Well.

Read the signs, stay on the trail, explore the museum, ask questions, work together, and have fun!

Arizona Black Walnut: Name as many uses as you can for this tree: _____

Arizona Sycamore: What does the bark look like? _____
